REQUEST FOR CORRECTION OF FILING RECEIPT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

Upon review of the Filing Receipt in connection with the above-identified application, a copy of which is enclosed, two (2) errors and omissions were noted as indicated on the enclosed marked-up copy.

Firstly, the TITLE is incorrect. Instead of "Tamperproof screw, combination with screwdriver bit, and headrer punch for manufacturing tamperproof screw," the title should be printed as -TAMPERPROOF SCREW, COMBINATION WITH A SCREWDRIVER BIT, HEADER PUNCH FOR MANUFACTURING A TAMPERPROOF SCREW--. Submitted herewith are copies of the Transmittal Sheet and Application Data Sheet which show the correct title of the invention.

Secondly, please associate this application with Correspondence Customer number 3713 and note that the "Power of Attorney" in the Filing Receipt should include H. Henry Koda, Reg. No. 27,729, and William L. Androlia, Reg. No. 27,177 who were omitted, and should be added. Please refer to the enclosed Declaration & Power of Attorney included for your reference.

It is therefore respectfully requested that the Patent Office issue a corrected Filing Receipt indicating the above changes accordingly.

Respectfully submitted,
KODA & ANDROLIA

**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15****GRANTED**

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
